GIOVENZANA PENDANT CONTROL PARTS

Giovenzana pendant control parts allow the controls to be customised to the customer's needs. Empty pendants can be fitted with various components, such as two-button mechanical interlocks, which are supplied with the enclosure. The range also includes contact blocks, rotary

switches, emergency stop buttons, lamp holders, lenses and button symbols. These parts offer flexibility and make it possible to build exactly the control system you need.

PRODUCT DESCRIPTION

Giovenzana pendant controls are also available empty, so they can be equipped as needed. Two-button interlocks and other accessories come with the enclosure.
