GIS ROADCASE – TRANSPORT CASES FOR 1–4 HOISTS

GIS Roadcase transport cases are designed especially for GIS LP and LPL series hoists. They offer a safe and efficient solution for transporting and storing hoists. Durable materials and a practical design ensure long service even in demanding conditions.

PRODUCT DESCRIPTION

Features

- Durable construction: Made of 9 mm birch plywood with a black hexagon finish.
- Safe interior: Wooden support frames and foam padding protect the hoists in transit.
- Easy to move: Fitted with four Ø100 mm swivel castors, two of them with brakes.
- Stackable lid: Hinged lid with two support stays and four recessed stacking cups.
- Secure closing: Two recessed butterfly latches keep the lid tightly closed.
