# TER ALPHA PENDANT CONTROL

## PRODUCT DESCRIPTION

The Alpha pendant control offers a more ergonomic approach as a two-row pendant that keeps the overall length short.

### Features

The emergency stop button complies with ISO 13850.

Positive-opening NC contacts for safety functions. Mechanical life of switches: 1 million operations.
IP protection class: Alpha is rated IP 65.
Temperature range: -25 °C to +70 °C.
All materials and components used are wear-resistant and ensure protection against water and dust.

### Accessories

The pendant is available in configurations with 2–13 actuators arranged in two rows. Single or double switches with NO or NC contacts, single or dual speed. Wide range of actuators: push buttons, selector switches and key switches in various configurations, indicator lights, latching mushroom buttons with twist release or key release. Available with labels fitted next to the actuators (symbols and letters). Certification: CE marking.
